

HEIGHT SOMPENSATION SHOE

POP SHOE

TECHNICAL SPECIFICATIONS

- The POP shoe is worn on the healthy foot, compensating the height of the Barouk Shoe Type1. It provides a better walking stability.
- Sizes: 35/36 - 37/38 - 39/40 - 41/42 - 43/44 - 45/46
- The upper shoe is designed for healthy foot.

INDICATIONS

- The wearing of **Type1 (Original BAROUK)** creates a generally well tolerated imbalance on a short post operative period of time. Otherwise or if the wearing has to be extended, the POP shoe will insure a better comfort as well as security.
